```
* * * * *  
* * * * *  
* * * * *  
* * * * *  
* * * * *
```

3. Write a program to get the following output

```
*  
* *  
* * *  
* * * *  
* * * * *
```

4. Write a program to get the following output

```
*****  
*****  
*****  
*****  
*****
```

5. Write a program to get the following output

```
1  
12  
123  
1234  
12345
```

6. Write a program to get the following output

```
1  
22  
333  
4444  
55555
```

7. Write a program to get the following output

```
54321
5432
543
54
5_____
```

8. Write a program to get the following output

```
5
45
345
2345
12345
```

9. Write a program to get the following output

```
12345
1234
123
12
1
```

10. Write a program to get the following output

```
5
54
543
5432
54321
```
